

## Hire made easy with Coates Connect

## Control, convenience & confidence

When you hire with Coates, you get more than just equipment – you also get the tools to make your job easier.

Coates Connect is our free customer portal that gives you more control over the hire process, more convenience when managing your hires and more confidence in controlling your costs.

With its simple navigation, user-friendly dashboard and handy traffic light system, the portal helps you manage your equipment and expenditure without the stress.

View information by account, job site or business unit, then monitor off-hire dates, request a quote, view invoices, access safety information and export formatted reports – all in one place.

## Benefits for your business

#### Greater visibility

View equipment on hire and expenditure across your sites and divisions

#### Better equipment utilisation

Avoid duplicate or unnecessary hires, and transfer idle equipment between sites

#### **Tighter cost control**

Customers typically save between 3% - 10% on hire expenditure using the portal

#### Increased payment efficiency

Track invoice status and reduce time-consuming invoice disputes

#### Improved safety management

Access equipment manuals, service history and safety information

# Quick overview of Coates Connect

## Export formatted Excel reports

0

10

Access the information you need at the click of a button. Run reports for equipment currently on hire, plant recently delivered or nearing the expected off-hire date.
